WHY ETHOS PLATFORM?

Unified Vocabulary
Application and platform-agnostic

Open Standards
Built on JSON and REST

Together with Ethos Integration = One-to-Many
No more point-to-point integrations

Single Source of Truth
Unified view of the student
Thank you.

alexa-via-ethos-example
An Amazon Alexa personal assistant example that leverages the Ellucian Ethos integration component to deliver real-time data to this student-use skill. The skill provides Colleges and Universities a quick start example of how a voice-enable skill could be constructed to help their students and staff interact with the institution using only their...
